### COMMODORE PREBLE

#### REMEMBERED

(Union Press Service)  
Parliament, Aug. 15.—Paddy two were held today in commemoration of the 150th anniversary of the birth of Commodore Edward Preble, one of the most distinguished officers of the American navy in its early days. Commodore Preble was born and died in Portland and Fort Preble, guarding the entrance to Portland harbor, was named in honor of his ancestry. Commodore Preble is best remembered for the service he conducted against the Barbary pirates, who plundered American shipping in the Mediterranean. In the year 1803 his ships boarded Tripoli's fleet and destroyed all the pirate craft. The Pacific finally asked to negotiate and the American officers' operations eventually resulted in the year of 1805, by which the tribute that Europe had paid for centuries and the slavery of Christian captives were abolished.

### CATHOLIC BENEVOLENT UNION.

#### (Union Press Service)

Toronto, O., Aug. 15.—Paddy two hundred delegates were in attendance at the assembly room of the Hotel Seor in this city today, when the thirty-eighth national convention of the Irish Catholic Benevolent Union was called to order for its four days' session. Before the formal opening of the convention the delegates attended a solemn high mass at the Church of the Good Shepherd, with the Rev. Patrick O'Brien as celebrant. An elaborate program for the entertainment of the delegates has been arranged by the members of the local St. Cecilia society. Until 1891 the conventions of the Irish Catholic Benevolent Union were held annually, but since then they are held every other year. The convention of 1890 was held at Atlantic City.

## Seeing is Believing

Mr. McLachlan, who is widely known throughout the west, having travelled west of Lake Superior for the past twenty-five years, has opened up at 626 First street, in the new Bijou building, one of the most artistic and up-to-date jewelry stores in Canada. Mr. McLachlan, coming as he does, with long years' of experience and an unimpeachable reputation for honesty and integrity, should at once meet with success at the hands of the citizens of Edmonton and surrounding country. As evidence of his standing as a business man, it might be well to state that some years ago he furnished the Alberta Government House with its silver ware. His stock includes everything suggested by the word jewelry—from diamonds to cut glass. The public is invited to inspect his splendid stock where it will be a pleasure to show goods.

C. R. McLachlan, Jeweler

EDMONTON, ALTA.

I DESIRE to thank the citizens of Edmonton, who assisted to elect me to the position of alderman for their assistance, both by their votes and personal influence during the recent municipal bye-elections. I appreciate the trust which you have placed in me by electing me to the city council at such a critical stage of the city's development, and will always endeavor to work in the interests of the municipality.

I have always been a close student of municipal affairs and will, to the best of my ability, follow what I believe to be the wishes of the citizens of Edmonton.

THOMAS BELLAMY.

## Laurier Gives Assurance That Resources Will be Restored to Alberta

Sifton Declares Himself in Favor of the Reciprocity Pact—  
Says that Finances of the Province  
Are Now in Excellent Shape

Looking in splendid health after his two months' visit to the British Isles, Premier Sifton returned to the city last evening, and shortly after 10.30 this morning was at work again in his office in the government buildings, interviewing departmental ministers, giving directions for the handling of his correspondence. In an interview with newspapermen this morning Premier Sifton declared that he had secured assurance that all of the natural resources of the Western provinces would be handed over to provincial control, the only reservation being in respect to the homestead and other lands from which no revenue would be derived by the government. "The only question which remains to be settled," said the premier, concerns the reduction of the amount of money paid the provinces in lieu of their lands. This is a matter that will be taken up at a conference to be held at Ottawa immediately after the election.

## News of the University City

### S'CONA POLICE CAPTURE TRAMPS

SENT BEFORE THE QADI AND ARE  
EACH GIVEN 10 MONTHS AT  
THE FORT

Strathcona, Aug. 15.—After beating their way from Chicago through Kansas City and a number of Canadian points, three tramps named Frank Burck and Lee and M. Gillan, were nabbed in Strathcona one night last week before they had been in the city three hours. According to the evidence brought out in the police court these tramps have worked a series of false games in countless towns along the U. S. and Canadian lines while on route here, but managed to escape the penalties of the law in every case until they commenced to dispose of cheap jewelry at high prices on the streets of Strathcona. Two night patrolmen were sent on the track of the trio after their arrival here and morning found the box car tramps in the case. The men were tried on a charge of vagrancy and the magistrate found each guilty to the extent of one month imprisonment at the Fort. Now the Strathcona police are receiving the thanks of their Edmonton brethren for trapping the trio before they made the Capital city, as it is thought the tramps were heading for this week's exhibition around the river.

### WILL COMMEMORATE BIG INDIAN BATTLE

Marion, Ind., Aug. 15.—This city presents quite a martial appearance today, with the numerous soldiers and Indians gathered here to take part in the great military and historical spectacle at Gettysburg park, in which the battle of the Mississinewa, fought near Marion, Ind., in 1812, between soldiers under Col. Hamilton and the Indians, is to be reproduced. The spectacular shows which the last of the Miami tribe of Indians, including several descendants of Chief Gabriel Godfrey, who fought so valiantly in that battle, will take part, have been arranged by the Mississinewa Battle Ground association, for the purpose of raising funds for the purchase of the battle ground, which will be dedicated to the memory of the American soldiers and Indians who fought and died there.

## STOCK JUDGING AT EDMONTON FAIR

HUNDREDS OF HIGH-CLASS HORSES  
AND CATTLE TO BE SEEN ON  
FAIR GROUNDS

Prices offered by the Edmonton exhibition association for dairy and beef cattle have brought large prices to the fair from the eastern provinces and British Columbia as well as from all three of the prairie provinces. British Columbia is represented by a herd of 10 Holstein cattle, owned by H. S. Logan of Colony Farm, Coquitlam, B. C. The cattle have been exhibited all over the western circuit, taking in the fairs at Winnipeg, Regina, Saskatoon, Brandon and Prince Albert. There are several herds of cattle from Ontario, including 20 Herefords owned by L. O. Clifford of Oshawa, 17 Guernsey cattle owned by Colonel D. McCrear of Tushnet and 14 Aberdeen Angus cattle owned by James Bowman of Tushnet. The herds from Eastern Canada are being exhibited at all the principal fairs in the western circuit.

Year by year the number of Alberta farmers with large exhibits of thoroughbred cattle at the Edmonton exhibition has been increasing, as has also the quality of the stock. Thirteen herds of Alberta cattle were on the grounds this morning, and there are others that have been delayed in shipping, but will be here later in the day. Among the Alberta farmers exhibiting are J. H. Mellick, of Edmonton, G. H. Grasswell, Edmonton; W. E. Tees, of Tees, G. Elliott, Sandy Lake; McPherson Brothers, Red Deer; W. L. Ferguson, Edmonton; Mr. Muller, Spruce Grove; Thomas Laycock and son, Calgary; J. H. and W. E. Elliott, Irma; W. T. Shuttleworth, Galtz Valley; J. J. Richards, Red Deer, and Bess Shepherd, Strathcona.

The cattle appear to be evenly divided this year between dairy and beef strains, an indication that the farmers of the province are discovering that both branches of the cattle business pay equally well. W. E. Tees has a herd of 28 Guernsey cattle on exhibition. These are distinctly of a beef type and do well on the range. McPherson Brothers are showing sixteen head of Holstein cattle. Mr. Laycock of Calgary also has a large Holstein herd. Around all the stock exhibits this morning there was a general activity of owners and caretakers getting their exhibits placed. A finer lot of horses than is to be seen at the exhibit stables on the fair grounds was never before gathered together in Alberta. Sheep and swine are on exhibition in large numbers and several Alberta men are just getting into the same line, making their first appearance on the grounds as exhibitors this year.

The removal of the bridge hill ridge has enabled the public works committee to improve the Glover Bar road grade across Mill Creek by way of the new bridge. The former narrow road, bed hat now been considerably widened with the earth from the excavation farther up the hill.

### 1/2 LAND DRAWING

Bismarck, N.D., Aug. 15.—Books were opened here today for the registration of prospective settlers on the fertile lands of the Fort Berthold Indian Reservation, which the government has decided to throw open to actual settlers. The reservation, which is only twenty miles from the Great Northern railway, contains 324,000 acres, well watered by a number of rivers. The drawing, to determine the order of precedence among those registered, in selecting the most desirable tracts will take place in a few weeks.

### R. B. BENNETT NAMED

AT CALGARY MEETING  
Calgary, Aug. 15.—Bennett was named for parliament here on the Conservative ticket. He was accorded the unanimous support of the party last night at an enthusiastic convention held in the Empire theatre, at which the spacious auditorium was well filled.

# INTER-STATE COMMERCE COMMISSION BEGINS ITS INVESTIGATION TODAY

Will Try and Evolve Plan Whereby Large Corporations Can Be Dealt with—Newland's Resolution Would Prevent Further Combines

(International News Service.)  
(By Victor Elliot)  
Washington, Aug. 15.—There will begin in this city today one of the most important investigations into corporate matters undertaken by congress in many years.  
The Newland resolution continues a thorough inquiry into the question of how to deal with the country's great industrial corporations. It is extraordinary in an effort to work out a better method of corporate regulation than the country now has. It was by a close vote in the committee that the resolution was adopted. The hearing began before the opening of the next session of congress. Senator Cummings moved to begin hearing today. As a substitute, Senator Wilson, of West Virginia, moved to begin today. The regular session began today and as a November 1, only and waited, the hearing not until the next regular session of congress. Holding that to defer action until the regular session would make a thorough inquiry impossible, the resolution was adopted. The hearing will be held in the Senate chamber, and will be held in the Senate chamber, and will be held in the Senate chamber.

number of very prominent members were assigned on a charge of violating the Sherman anti-trust law, only five were imposed for openly defying the law for more than ten years.  
Improve on Sherman Law  
It is probable that the committee will make the Sherman law more drastic following the suggestion made by Senator Johnson, of Iowa, who, when he first became prominent in the public eye as chief "trust buster" of the department of justice, said that the Sherman law was not strong enough to reach and deal with the criminals "clearly." Upon his advent into the Senate the first legislation proposed by the senator from the middle west was a stronger anti-trust law. His spoke in the wheel of the trust-busting movement, and a number of other things of that nature. His bill was sent to the House of Representatives, and it was there that it was defeated. The resolution was adopted by a vote of 100 to 90. The resolution was adopted by a vote of 100 to 90. The resolution was adopted by a vote of 100 to 90.

## RUSSIAN FAMINE STILL STALKING

Benighted Peasantry Sorely Affected by Drought—Siberia Hit Hard

(Cable Service)  
St. Petersburg, Aug. 15.—The old story, Russian local famines, with their strange, almost incredible, economic distress among the still benighted peasantry, is being repeated again this summer. From the interior come reports of attempts to drown old women accused of causing the drought by dispersing the rain-clouds, of watering the graves where village drunkards have been buried, and similar diabolical follies.  
At the meeting of the exchange committee of the town of Tamsk, where the first Siberian exhibition will be held, it was confirmed that almost a complete famine is expected in Western Siberia, the great granary of Siberia in general. This year's harvest is estimated at 80 per cent. below that of last year. In many districts there will be no seed for sowing.  
The ministry of the interior has obtained the following particulars from other regions:  
In the Southern European Russia; Ekaterinburg, the harvest of wheat and rye is only 50 per cent. of the normal. In the Volga provinces, the crops are 50 to 75 per cent. below last year's yield. Odesa and Kioff are estimated to be 40 per cent. less.  
On the other hand, the harvest in Central and Western provinces promises to be very satisfactory.

## DASTARDLY ATTEMPT TO CAUSE DISASTER

Paris, Aug. 15.—Acts of sabotage caused by the report from various parts of France. A dastardly attempt had been made to cause a disaster. The Paris-Havre line of the Western Railway system. The red die, the danger signal, which blocks the road near that station, was removed by an unknown criminal, and had not a policeman observed its absence there would have been a terrible accident. A considerable sensation has been caused by the arrest of a non-commissioned officer of the 83rd regiment on a charge of cutting signal wires on the line between Toulouse and Bayonne.

## UNION PRINTERS ARE GATHERED AT 'FRISCO

In Fifty-Seventh Annual Convention Delegates From All States and Provinces Meet  
San Francisco, Cal., Aug. 15.—The fifty-seventh annual convention of the International Typographical union opened in the city yesterday with delegates in attendance from the local branches throughout the United States and Canada. Addresses of welcome were made by Mayor McParland, the officers of the local union and others, and were responded to by President James M. Lynch. The convention will continue the sessions about five days, during which time important business relating to the affairs of the organization will be transacted. The principal matter to be considered and acted upon is the present contract expires this year, and the delegates to the various local unions have been authorized to make a new contract. The principal matter to be considered and acted upon is the present contract expires this year, and the delegates to the various local unions have been authorized to make a new contract.

## BOTH A MONOPLANE AND MOTOR SLEIGH

Preparations Being Made to Ship Machine to Be Used on Dr. Mawson's Expedition to the South Pole—To Make Exhibition Flights

London, Aug. 15.—Preparations have been made for the transportation of the monoplane which has been constructed by Messrs. Vickers for use in Dr. Mawson's expedition to the South Pole. The machine is to cross to Australia immediately on a P. and O. liner, accompanied by its pilot, Lieutenant Watkins. It will then be shown in a series of flights at the chief centers of the Commonwealth, this being the first appearance there of the monoplane type.  
The primary plan of the expedition is not to use it for a mere dash to the South Pole, but to keep it for reconnoitering the ice-hummocks and barriers encountered. It is, therefore, so constructed that it can become a motor-sleigh or an aeroplane by turns. The only motor-sleigh which has previously been made to compete with the same kind of conditions is one which is in the possession of a Russian arctic duke, who employs it for traversing the steppes. This original example showed a tendency to suck up the snow with the propeller when the snow was at all powdery. In order to avoid this danger the Vickers' aeroplane has its propeller considerably higher, so that the snow-shed will at least not be drawn into the engine. Otherwise the type is practically of the French type, adapted to, and modified by, the necessities of an Arctic expedition.  
The monoplane is the first which has been constructed to pull loads or so over the ground in its emergency. Its frame is made entirely of steel tubes, and it carries a 90-horsepower 67 h.p. motor, with fuel enough for six hours. This kind of motor was used by Albert in the Circuit of Europe, and remained unchanged throughout the flight. It has already been tested on the South Pole monoplane, and has given from 55 h.p. to 60 h.p. for five hours. The machine is 45 feet wide by 37 feet long.

CONVENTION OF BAPTISTS

(Union Press Service.)

Brighton, N. S., Aug. 15.—The Women's Baptist Missionary Society began its annual sessions here today.

preliminary to the annual convention of the United Baptist Convention of the Maritime provinces, which is to have its formal opening Saturday morning. The gathering has attracted many prominent members of the denomination.

# RAILWAYERS TO GIVE AWAY GAS FRANCHISE. THOMAS BELLAMY ELECTED

Bylaw, Granting Franchise to International Heating and Lighting Company, Lacks 80 Votes of Securing Required Two-Thirds Majority

With the biggest vote that was ever given in the city of Edmonton the proposition declared that the city council should not be given any vote that when an address was dissatisfied with the seat upon the council he can surrender his seat to the next available. 80 a majority of 200 votes. Thomas Bellamy yesterday was elected by a vote of 100 to 100. The vote was taken by J. H. McKelvey. And 200 votes the gas franchise bylaw failed to get the required two-thirds vote necessary to hand over the franchise to an individual.

Had the gas franchise been passed upon the vote the gas franchise would today be in the hands of the city council. But the vote was not passed. The gas franchise would today be in the hands of the city council. But the vote was not passed. The gas franchise would today be in the hands of the city council. But the vote was not passed.

With yesterday's election there was no organization and no work. Automobiles and vehicles swarmed the streets. This work, the most important issue before the people, was the city council. The city council was the most important issue before the people. The city council was the most important issue before the people.

What the Voters Said. With reference to the gas franchise, the vote of yesterday's election was not passed. The gas franchise would today be in the hands of the city council. But the vote was not passed. The gas franchise would today be in the hands of the city council. But the vote was not passed.

# NEW YORK WOMEN WILL FAST TO AID SUFFRAGE

Self-Denial Week Opens Today, When They Will Deny Themselves Many Necessities in Order That Causes of Cause May Be Swelled

(Union Press Service) New York, Aug. 15.—The work of self-denial which the women suffragists of this city have voluntarily undertaken for themselves in an effort to draw the women of California who need funds to carry on the campaign for women's rights, with a view of carrying the suffrage proposition of the election to the polls in that state on October 10, began today in all seriousness. To celebrate the opening of this period of self-denial the suffragists of Greater New York gathered at Chatham House for a luncheon and partook of a hard-boiled lunch which included hard-boiled and other primitive and inexpensive articles of food which the women did not even know by name.

The luncheon had been arranged by leaders of the suffrage movement in this city to launch the self-denial fast in an appropriate manner and to give the suffragists advance notice of the "simple life" to which they had committed themselves for the period of a week. The undiminished plan menu of the luncheon had an extensive list of self-denial articles and with every article the enthusiasm increased.

It is not alone by fasting, however, that the New York women devoted to the suffrage cause expect to help their sisters in the far West. Many hundreds of letters have been received by women-suffragists of prominence, in material aid to the women of California who the writers, women of every in their fight for woman suffrage.

## NEGOTIATIONS FOR BIG LOAN AGAIN UNDER WAY

Sum of \$120,000,000 to Be Expended by the Ottoman Government in the Building of Railways and in Other Public Work Development

Constantinople, Aug. 15.—The negotiations between the Ottoman government and the group of French capitalists headed by the Imperial Ottoman bank with reference to the construction of a public works loan of \$120,000,000 have been resumed under the auspices of the French embassy, and have made some progress. The government has agreed to increase the amount which it proposes to borrow to \$150,000,000 of which \$75,000,000 is to be expended on the construction of railways in the European and Asiatic provinces of the empire, \$10,000,000 will serve to cover the inevitable deficits of the next four years, and the remainder will represent the cost of the loan and certain payments to be made by its issues, which will be spread, in accordance with the requirements of the government, over a period which may amount to ten years.

### TO PRESENT STEUBEN STATUE TO GERMANY

(Union Press Service) New York, Aug. 15.—Representative Barthold of Missouri sailed today on the Kaiser Wilhelm II. for Germany to present a replica of the Baron von Steuben statue to the Emperor on behalf of the people of the United States. While abroad Mr. Barthold will also attend the annual meeting of the International Peace Union.

### MORGAN GATHERS COSTLY ANTIQUES

(Union Press Service) Vienna, Aug. 15.—Mr. J. Pierpont Morgan is spending the summer in which he is gathering up the treasures of the world also over Hungary. He is going to Count Erdosy's castle at Goleos containing valuable Magyar antiquities, including the throne cover of King Matthias Corvinus. Mr. Morgan made an offer to the count to purchase at a considerable larger sum than the \$150,000 at which the antiquities are officially valued. At three treasures are entailed with the estate, an Erdosy family council was summoned, and offered to sell them for \$150,000.

### AT ROCHSTER

(Union Press Service) Rochester, N.Y., Aug. 15.—Hochester in gala attire hosts of the 5,000 volunteer firemen who have gathered here from cities and towns throughout New York for the annual convention and tournament of their state association. The four days' program calls for a big parade and numerous prize contests, in addition to the usual business sessions.

**MISS MILDRED SHERMAN**, daughter of Mr. and Mrs. William Wale Sherman, one of the wealthiest heiresses in the United States.
